

TEXTILE CLEANING GUIDELINES

To prevent overall soiling, frequent vacuuming, or light brushing with a non-metallic, stiff bristle brush to remove dust and grime is recommended.

When cleaning a spill, blot immediately to remove spilled material. Clean spots or stains from the outside to the middle of the affected area to prevent circling.

Overall cleaning by a professional furniture cleaning service only is recommended. Pile fabrics may require brushing with a non-metallic stiff bristle brush to restore appearance.

CLEANING CODES

W – Water: Clean only with water based shampoo or foam upholstery cleaner and rinse well. Do not over wet.

W/S – Water/Solvent: Clean only with water based shampoo or foam upholstery cleaner and rinse well. Do not over wet. This fabric may also be cleaned with mild, water-free solvents. With either method, pretest a small area before proceeding.

S – Solvent: Only mild, pure and water free dry cleaning solvents may be used for cleaning in a well-ventilated area. Avoid any product which contains Carbon Tetrachloride or other toxic materials.

B – Bleach Cleanable: May be cleaned with diluted bleach following the proper water/bleach ratio.

- For Bleach cleanable 10:1 A solution of 10 parts water to 1 part household bleach 10:1 as indicated on the pattern cleaning specifications. *
- For Bleach cleanable 5:1 A solution of 5 parts water to 1 part household bleach 5:1 as indicated on the pattern cleaning specifications. *
- For Bleach cleanable 4:1 A solution of 4 parts water to 1 part household bleach 4:1 as indicated on the pattern cleaning specifications. *

*Material should be wiped with clean water and a clean cloth after bleach solution is used. All cleaning should allow for a 10-minute maximum sit time and then **MUST BE PROMPTLY AND THOROUGHLY RINSED.**
